## HAMMER FINISH SPRAY PAINT

Unique Hammered Texture Finishes. Provides long lasting protection to surface against rust and corrosion. Fast Drying. Paint film is tough and highly durable.

## CAMOUFLAGE SPRAY PAINT

Non-Reflective Camouflaged Finishes. Excellent resistant against chipping, cracking, and peeling. Can be combined in variety of patterns to blend with terrain.

## GLITTERS EFFEKT CLEAR SPRAY

Incorporates High-Tech 3-D Light Reflective Particles. Painted objects will glitteringly sparkle when exposed to light.

## METAL ALLOY SPRAY PAINT

Silvery Metal looks with textures. Feels of real Metal Alloy.

## TRUCK BED COATING **NEW**

Textured, Scratch-Proof coating. Very Tough & Durable Film. Resistance to fuels, oil, and chemicals. Good anti-slip properties with special granules.

## POLYURETHANE CLEAR SPRAY **NEW**

High Gloss. Tough, highly durable transparent finish. Protects wood surface from abrasion and moisture.

## KOOL SHIELD **NEW**

Thermal Insulation Paint for roof and wall. Incorporates Borosilicate Hollow Glass Bubbles Microspheres. Blocks external heat from entering the house. Highly elastic paint film protects building from rain, crackings, and weathering.

## CERAMIC TILE ADHESIVE

Ready-To-Use Creamy Paste Water-borne Adhesive suitable for fixing ceramic tiles, mosaics, wood panels, gypsum boards, decorative panel, and etc. It holds tiles with no slippage. Quick setting. Non dripping. High bond strength.

## ACRYLIC WATER SEAL (SOLVENT BASE)

High Gloss Water Repellent for use on brick, wood, concrete, and natural stones. Dries into clear glossy film. Protects substrate from moisture and rain. Can be used as adhesion primer. Ready-To-Use. Fast Drying.

## SILICONE WATER REPELLENT (SOLVENT BASE)

Premium Water Repellent / Waterproof for porous objects such as natural or artificial stone, brick, concrete, masonry, or wood. Prevents algae and mildew occurrence. Dried without any traces or films. Excellent water beading effects.

## SILICONE WATER REPELLENT (WATER BASE)

Siloxane Water Repellent / Waterproof for brick, wood, concrete, stucco, and stones. Once dried, it will become unnoticeable. Excellent water beading effects. No Odour.

## SUPERNAIL MONTAGE ADHESIVE **NEW**

Water-borne Adhesive. Quick Setting. Non Dripping. No Odour. For fixing building and insulating materials, polystyrene or polyurethane rigid foam, acoustic panel, and etc. Saves drilling holes and fixing with screws and nails.

## NO MORE NAIL "FAST BOND" **NEW**

Solvent based high strength construction adhesive. Bonds wood, glass, mirror, metals, concrete board, structural flooring panels, and etc. Eliminates unnecessary nailings for construction purpose. Fast Drying.
